

Light the Lights

For the past 13 years Meeker has celebrated community and Christmas by lighting up the trees downtown at the Courthouse . We all enjoy the Tree Lighting Event for many reasons and it is a cherished tradition we share as a community.

Pioneers Healthcare Foundation has seen an increased need for community services such as Meals on Wheels, Cancer Screenings and Scholarships. This year, we dedicate our Light Bulb Campaign to support programs that make a difference to so many of our community members.

- Meals on Wheels continues to serve many Meeker residents. The service is free to qualified residents. It is funded 100% through donations and grants. Our Meals on Wheels program will provide nearly 3,000 meals this year.
- Cancer Screening Fund help local residents to afford their mammogram care. Uninsured or low income community members can qualify for the program. We recommend visiting with your primary care provider.
- Pioneers Healthcare Foundation provides The Future Healthcare Workers Scholarship program for residents pursuing education or certifications in a healthcare field.

With each \$5.00 Light Bulb you purchase, you can name a family member or friend and/or honor those serving in the military who cannot be home for the holidays.

Yes! I would like to purchase _____ light bulbs at \$5.00 each

I would like my donation to benefit:

Meals on Wheels

Cancer Screenings

Scholarships

Unrestricted

Comments - Names of loved ones honored:

Please remit donation to:

Pioneers Healthcare Foundation
